Subject: February 4th Board Meeting Public Comment re: Ports Item

Good morning Faye,

Please see the written comments submitted by Dave Hall regarding the Ports item for the February 4th Board meeting. Please add them to the record.

Thank you,

Danielle Escontrias

Subject: Re: Long Beach port emissions reduction plan

Dear SCAQMD:

I am writing to comment on the proposed voluntary plan to lower emissions from the port.

First, in order to fully comply with emissions reduction the plan must be mandatory and not voluntary.

Second, the port communities suffer the most from respiratory problems. The air quality must improved or residents will continue to literally die or have a lower standard of life, including children.

Finally, how will this plan best protect endangered species like the colony of California Least Terns on Terminal Island or wildlife along the Los Angeles River?

Please enter my comments to the minutes of the hearing.
