

South Coast Air Quality Management District

COMMUNITY MEETING

ALL AMERICAN ASPHALT

The South Coast Air Quality Management District (South Coast AQMD) will host a community meeting on air quality issues related to All American Asphalt (AAA) located in Irvine, CA.

South Coast AQMD has been conducting an on-going investigation concerning the AAA hot mix and batch plant. The facility is located within a few miles of multiple residential communities. South Coast AQMD's investigation seeks to address numerous complaints lodged by local residents, who have identified asphalt and burnt rubber-type odors from the facility.

The meeting will include an update on the investigation and permits. There also will be an opportunity for the public to ask questions and/or provide comment.

Additional information on South Coast AQMD's investigation related to the All American Asphalt can be found at: <http://www.aqmd.gov/home/news-events/community-investigations/all-american-asphalt>

Please follow the instructions below to join the meeting remotely or by teleconference.

Wednesday, December 9th at 6:30 p.m.

Audience will be allowed to participate during the public comment period.
