

Want to help keep the air clean? There are lots of fun ways to do it! You could help plant trees and flowers, ride your bike or walk, and reuse items by turning them into something new.

Here's a fun activity: design a tote bag that shows how you will help clean the air. Draw a fun picture, come up with a catchy slogan, or do both! Let your creativity shine and show us how you will be a Clean Air Hero!

## Did you know?

Reusable shopping bags are a great way to reduce waste to help keep the air clean!

*Attention Parents/  
Guardians!*

We'd love to see the creative design. Please send us a photo of the artwork to [capinfo@aqmd.gov](mailto:capinfo@aqmd.gov).
