Conference Room GB

Staff is proceeding with the development of Proposed Rule 1304.2 – Greenfield or Existing Electricity Generating Facility Fee for Use of Offsets. Following our 2nd Working Group meeting on November 20, 2014, staff has further refined the proposal, based on the comments received, and is scheduling a third Working Group Meeting to review the progress on the rule development and receive additional feedback and input. Also, the latest released draft of Proposed Rule 1304.2 has been split into two new proposed rules. Proposed Rule 1304.2 – Qualified Electrical Generating Facility Fee For Use of SO_x and PM₁₀ Offsets applicable to Investor Owned Utilities and a second Proposed Rule 1304.3 – Qualified Native Load Fee For Use of SO_x and PM₁₀ Offsets applicable to entities such as municipalities that service customers in their city/municipalities. At this third meeting, staff will review the latest draft proposed rules and further refine policy issues for adoption and implementation, as necessary.

The third meeting of the working group has been scheduled for April 22, 2015 at 2:00 p.m. in Conference Room GB at the SCAQMD headquarters. If you are unable to attend, teleconferencing is available, as follows:
